RE: Support Letter for Park 53 Business Park, Barrow County

Dear Mr. Herring:

I am writing on behalf of Barrow County Board of Commissioners regarding the Park 53 commercial and industrial park located in Winder County, Georgia at the intersection of University Parkway (State Route 316) and State Route 53.

Park 53 is being developed by the Winder Barrow Industrial Building Authority as a commercial and industrial park to attract businesses and industry to Barrow County. The property has been zoned M-1, which is a general industrial classification. The M-1 zoning classification will allow the uses identified in the attached excerpt from the Barrow County zoning ordinance.

The Barrow County Board of Commissioners has demonstrated support for industrial development within the Park 53 Development. This support can be easily seen in the infrastructure installed on the property, the pursuit of funding for additional infrastructure and the construction of a new entrance road. Barrow County will continue to work with the Development Authority to bring additional companies to Barrow County so that our work force can be even stronger.

If you need additional information or have any questions, please contact our Economic & Community Development Director, Guy Herring at (770) 867-0662 and he will be glad to assist you.

Regards,

Mrs. Pat Graham, Chairman

Barrow County Board of Commissioners
